

## **Workshop on Violence Against Women**

The gender administration of ministry of education hold a 16 days campaign regarding elimination of violence against women.

Dr. Mohd Mirwais Balkhi Minister for Education Ministry of Afghanistan stated; one of the important reasons of violence against woman in our society is being silence. However; he emphasized to build equality and customize the culture of equivalence in the schools and training centers.

Dr. Balkhi called for improvement and the capacity of domestic and comprehensive rule for elimination of violence against woman in education sector.

Furthermore, he mentioned that the cooperation of both gender men and women in building & fighting against violence is same and equal.

Ms. Frishta Sadat gender administration supervisor added, the most effective way for fighting against violence is first of all we shall get start the fighting against inconvenience of ourselves, then family and finally society. In order to have a society free from violence in the future and changing the society ideas, relevant to nurture and education that the more important reasons for ending mentioned issue.

At the end of workshop, members from gender administration had effective presentation on fighting violence against women.
